

Management One® is where independent retailers turn when they are not getting the rewards from their business that they deserve.

We provide the most accurate inventory planning available with our Winning@Retail™ process. You not only get accurate OTB budgets, but also the cash flow management to assure that you reap the rewards you are seeking.

With [Winning@Marketing](#)™ we bring the right message, focus, and implementation to your marketing strategy. The type of image that a big agency would create is delivered at a budget the independent retailer can afford. The Winning@Business™ process provides the training for your staff, the organization, and communication you need to succeed. The business strategy and focus on solving problems are both critical to success.

Retail consulting will give you the outside view to make better decisions and the drive to get results.

With over 45 affiliates and over 450 retail clients, you can count on Management One® to deliver “results that count”.
